Between 2023 and 2024, I worked as a teacher while enhancing my knowledge in IT. In January 2025, I began my career as a Software Developer at RAKUN AI, where I continue to work today.

Work History

2025-01 – Current

Software Developer
RAKUN AI, Samarqand (On-site)
- Developed and maintained web applications using **Python, Django, FastAPI, and PostgreSQL**
- Designed and implemented **RESTful APIs**, ensuring scalability and reliability.
- Built and optimized **database schemas and queries** to support business needs.
- Led a team of developers, assigning tasks and mentoring junior members.
- Worked closely with stakeholders to gather requirements and deliver solutions on time.

2023-09 – 2025-07

Mathematics and Informatics Teacher
School No. 18, Nurobod District, Samarkand Region
- Taught Mathematics and Informatics to middle and high school students.
- Prepared and delivered engaging lessons aligned with the national curriculum.
- Integrated technology and digital tools to enhance student learning and problem-solving skills.
- Designed and evaluated assignments, projects, and assessments to track student progress.
- Guided students in preparing for exams and academic competitions.
-
